Revolutionizing Yard Signs for Campaigns and Causes

Share: [f](#) [in](#) [t](#) [p](#) [✉](#)

When it comes to campaigning or promoting a cause, visibility is key. Yard signs have long been a tried and true method to catch the eyes of passers-by. MerchBlue is here to shake things up and breathe new life into this age-old form of advertisement. We're excited to share with you the features that make [MerchBlue's yard signs](#) the best choice for your campaign or cause.

Environmentally Conscious Materials

In a world where sustainability is becoming increasingly important, MerchBlue has taken the initiative to ensure its products are environmentally friendly. These yard signs are printed in full color on 100% US-made recyclable material, significantly reducing the environmental impact compared to traditional yard signs. In addition to this, the use of UV-resistant latex inks ensures the vibrancy and longevity of the print.

Perfect Size & Easy Shipping

Measuring at a noticeable 24" x 18", these signs are large enough to be seen from a distance, yet compact enough to not be intrusive. By using the flexible, recyclable polypropylene, the signs can be rolled for shipping and storage. This not only cuts down on carbon emissions from transport but also reduces shipping costs. It's a win-win!

Innovative Manufacturing

MerchBlue isn't just offering yard signs; it's reimagining them. Through innovative production methods, MerchBlue has reinvented how yard signs are made and printed. This results in superior quality signs that stand out from the crowd.

Durable & Weatherproof

Nobody wants a yard sign that withers away at the first sign of rain. MerchBlue's signs are weatherproof and durable, printed with UV-resistant inks on polypropylene, ensuring that they stand tall and proud through sunshine, rain, or snow.

Customizable & Versatile

Flex your creative muscles! Use your own design or logo, or if you need some inspiration, choose from one of MerchBlue's semi-custom templates. The signs are also two-sided, doubling the visibility and allowing for different messages or designs on each side. No need to worry about how to set them up. MerchBlue's yard signs come with a stand, ensuring that displaying them is as simple as can be.

Offer yard signs to your supporters through your ActBlue page, allowing them to easily acquire and display them. Alternatively, if you're running a campaign, [order in bulk](#) directly from MerchBlue for your campaign use. The streamlined ordering process makes it seamless and efficient to get the word out.

If you are looking for a way to make a statement with your campaign or cause, look no further than MerchBlue's yard signs. With their environmentally conscious materials, innovative manufacturing, customizability, and durable design, they are bound to make an impression. Make the smart choice and elevate your campaign with MerchBlue.
